Grenfell, as a representative of the company, recently formed a syndicate to make eritonsive purchases and operate extensively in the potroleum fields of California. Earl Grey is heavily interested in the California deal, which, it is stated, is not affected by the failure.

WASHINGTON, June 6.—(Associated Press by Federal Wireless)—The interestate commerce committee of the senate has decised to report sut outly the trade commission measure during the present session of congress. This action was taken following lengthy discommittee and the resolution outlining the policy of the committee was voted on today. This action is taken to mean that the administration intends greatly to limit its program during the present session, and that a number of important matters before the various countities of the two houses will be side tracked until the next regular session.

Automobile Bandit of Twenty-fifth Herman Lewis, a private in the Twen-

Herman Lewis, a private in the Twenty fifth Infantry, commonly known as the "automobile bundit," has been sentenced to twenty years' imprisonment at Leavenworth Prison, Kansas.

Findings in the court-martial held to investigate several crimes of which Lewis was accused were made public yesterday by the military authorities.

In company with twelve emisted mea from the same regiment, who are to serve seatences of ten years each at Leavenworth on charges of conspiracy to "beat up" white soldiers, Lewis will be transported to the mainland this morning on the transport Sheridan.

Major General William; H. Carter confirmed the sentence of the court after reviewing the evidence. The prin-

Plant to Manufacture Syrup for Pineapple Cannery Use from Cannery Waste That Costs Thousands a Year Now to Get

(From Sunday Advertiser.) That canned Hawalian pineapp sweetened with sugar made n the juice and scraps of pineapp posal of which has heretofo large expense to the came to the came tour story factory is held manks of the Hawaiian Pin Company's cannery at fwilet free and Ash. Here the refu he cannery will be turned in

to go back to the cannury for ip L. Bush, consulting engineer, whose direction the plant is be weted, stated to The Advertiser day that while the present plant trety experimental, the factory is built in such a way that the atructure can be enlarged and led if the results of the first seacorperiments warrant it.

Ash, the industrial chemist who arked out the processes which are used, has conducted a large numberstory tests. He has pera method by which the sugar in reapple waste from canneries is red as syrup. This process has speated many times, so that the ity of error in the methods of en has been largely climinated. Many Experiments.

setion has been largely eliminated, a company is now creeting an exlys commercial plant, ly means of a large quantities of the pineapile will be treated. Mr. Bush states the machinery will be installed and y for operation by August 1.

Clear, Pure Syrup.

Clear, Pure Syrup.

The new process syrup has been used in canning pines. The syrup is a clear, colorless product, not distinguishable from the sugar syrup now used. It has no pineapple tasts or flavor.

"After this year, provided the commercial process returns as good results as the laboratory tests, we will be able to handle all the pineapple waste that can be applied us," Bush said. "The plant and the work are experimental only. It is difficult to say how far we can go. Our chemists are investigating an go. Our chemists are investigating the pulp, and it may be that product ther than sugar-syrup can be extracted

"We feel confident," he said, "that other valuable by products can be extracted from the wastage."

The factory is steel-framed, so built that the temperary plank flooring and wooden politic can be taken up and replaced by modern reinforced concrete construction if the commercial results

"Val" L. Stevenson has joined the clitorial staff of The Advertiser, and will have charge of the sport section of the paper during the absence of H. G. Lowry, who left for San Francisco yesterday on a month's vacation trip. Mr. Stevenson has seen newspaper service with the Hawaiian Star, the Evening Bulletin, was editor of the Mani News until recently, and came to The Advertiser from the afternoon paper.

Hawaii Board of Supervisors De cide Not to Make Any Recommendations.

(By Mutual Wireless) HILO, Hawall, June 6 .- (Special b The Advertiser) Chairman David K. Ewalike at a meeting held by the Ifawithdrew the resolution which he had introduced and which recommended to the child away from her, introduced and which recommended to the child away from her, the course of t

years juil sentence in Honolitu for the venezalement of county funds.
Following the withdrawal of Ewaliko's resolution, the board by a unanimous vote passed a resolution in which Governor Pinkhum was asked to appoint some suitable person to fill the vacancy created through Kealcha's resignation.

resignation.

John M. Ross is a strong candidate for supervisor here and bestie the backing of the Republican elements of the districts of North and South Hilo the districts of North and Scott file is being alroughy favored for the post-ties by many Democrats who claim that they want a good man appointed, irrespective of his political affiliations.

Among other Democrats, J. A. M. Cherio, a local merchant, and William

I. Johnson, manager of the Hawaii Feraid and chief of the Hilo volunteer fire department, are being pushed forward for the position, but there is a decided split on the question.

Governor Pinkham stated yesterday that he had received no notification from the county clerk of Hawaii, John K Kri, in regard to the acceptance of Resichn's resignation. This laformation will probably arrive from Hile by the mail due here on Tuesday morning by the steamer Mauna Kes.

No appointment will be made, at all needs, for two weeks at least, as the Governor expects to visit Hile between June 20 and the end of the month. He expects to look late the question of a successor to Kerloha on the ground while he is at Hile. This is in hise with the Governor's statement made some time ago, that he would give the Hile people an opportunity to be heard on the question of their preference for supervisor.

Army Man Passing Through on Transport Arrested for Beating Wife,

(From Sunday Advertiser.) Guests ut the Monny Hotel were med shortly after midnight last night by the screams of a woman, and the corridors were quickly filled with sen and women in various stages of undress, seeking the source of the disturbance. Employes of the hotel quickly located the scene of the trouble and t. Butinger, a great huik of a man weighting more than two hundred weighting the state of the second sec a long time, and if I got the right kind of man and the right kind of lunns I can make plenty of roads and I won't work the men hard like anything the way Whitehouse do and make them mad at me like they are at him. I like to make one bet that if Whitehouse ron for office all Hawaiians will not vote for him, because he is all the time make the men work hard.

"Just try me once on this road business and cut out engineers except on steam rollers and I can save the county the salary they been pay Whitehouse."

Having unbosomed himself of this, His Honor jumped into his automobile and sped toward Kalihi to impart the result of his deliberations to a number of dissatisfied and hungry voters in that district.

Former Circuit Judge Chosen by Attorney General McReynold to Investigate McCarn McBrid Case-Instructions Expected to Authorize Thorough Sifting of

(From Sunday Advertiser.)

Alexander Lindsay, Jr., tormer sir ait judge and attorney general of the ecritery, was yesterday appointed spe dist assistant to the atterney gener of the United States, with power to conduct and proceedings before the grand jury or the court re-lating to the McCarn-McDride difficulty.

In unbetance, this was the purport of he cable message received yesterday

the cable measage received yesterday afternoon by Judge Lindsay. About noon Judge Lindsay received a cable message from Attoracy General McReynoids asking if he would accept the position. An affirmative reply being unde, the appointment was received by eable shortly after.

Special Presecutor Lindsay was also instructed to take the regulation onth of office and to forward it to Wasnington. The oath will be taken tomorrow morning and sent to the National Capital by the mail leaving on Tuesday.

Recommended by Judge.

News that Judge Lindsay would be appointed to take rharge of the McCarn investigation was first made public in The Advertiser on Friday morning when it was stated that his name had been recommended by Judge William L. Whitney, on the request made to him by a high Array officer in Homolun and Judge Ranford B. Dole of the local federal court that Judge Whitney suggest some local independent attorney to take up the work in this councetion.

When first approached on the subject

Will Begin Inquiry Soon.

Special Assistant United States Attorney General Lindary expects to begin his work soon. Thesalay of last week, when the ferritorial grand pury took up for investigation the charge of assault and battery with a deadly assault and battery with a deadly weapon against District Attorney Jett McCarn, only two witnesses, Attorney Claudius H. McBride and Henry Hus-Clandins H. McBride and Henry Hus-manu, the latter being a young man who claims he wrested from Mr. Me-Caro's hand the revolver which he is alleged to have drawn on McBride, were before the inquisitors, the inves-tigation being continued then until next Tuesday afternoon at two o'clock.

Should the grand jury meet again Tuesday afternoon, according to pro-gram, it is expected that Special Pros-center Lindsay will appear to conduct the investigation.

the investigation. "I expect to receive further instru-tions from the department of justice at Washington at an early date," said Judge Lindsay yesterday, "and on this account I cannot may at this time what the scope of my work will be."

May Be of Wide Scope.

May Be of Wide Scope.

It is thought that the charges made in Washington recently by former Judge Arther A. Wilder against the district attorney will also be referred to Princeupor lands y for investigation, in shet, it is believed that Mr. Metarn's whole administration as district attorney will be made the subject of a scarching ilyestigation, the department of justice at Mashington having flustly copeluded that all charges a painst the federal official should be looked into.

When called up yesterday District Attorney McCarn asserted that he know nothing more about Judge Lindsay's appointment than that he had been told that Mr. Lindsay had recrived telegraphic information from Washington on the subject.

"I do not desire to say anything at all as I have no definite news at hand," was all Mr. Metarn had to say.

Satisfaction has been expressed by

The last time Rockefeller's testimony was desired by the government in an investigation he was too ill to appear.
